**Budget Review:**

- Cannot do. Waiting for ASFA to upload/we need to go to the office and ask them to do it.
- During this meeting: ASFA rep was at the ASFA meeting and had this document sent to Internal Relations and Faculty Liaison, who will upload this to the drive.

**Sophia Review:**

- Call for editors for January 2024, Submissions begin in February
- End of submissions March 2024

**Discussion about New Library in MR-11:**

- \$425.00 for books: payment request for some reason is in the wrong email (events instead of inter-university liaison).
- This issue will need to be fixed ASAP
- Internal Relations and Faculty Liaison will take care of updating signing officers, which are now appointed as: Budget Coordinator and Chief Executive Officer.
- Looking at the books in the library currently in MR-11. We all agree that this amount of books would not add up to \$425.00
- Current pending payment request for \$425.00 for books will not be approved without receipt. Detailed receipt is needed, the details are not on the payment request.
- Books which are currently in the MR-11 library are mostly unrelated to courses and serve as a minimal academic aid for the student body.

**Vote for More Democratic Selection for books: 1 or 2 books between executives**

- 7 votes for more democratic selection.
- Unanimous - motion passed.
- Books will be selected in a more democratic way to benefit the student body and allow for more course-related material
